Biotech Nation:**  
**My Unexpected Odyssey  
into the Land of Small  
Molecules, Lean Genes,  
and Big Ideas**

*by Moira Gunn, Ph.D.*

Please join us as Dr. Moira Gunn, Purdue alumna and host of NPR's *TechNation* and *BioTechNation*, shares insight into the future of information. On-demand, person-to-person contact and instant 24/7 information offers only an inkling of the depth of this digital revolution and how it has changed the basis for how humans interact, make agreements, and take action. Dr. Gunn will discuss how Global Information Systems are emerging, offering global insight, and making global strategy an imperative while turning the planet into one big network.
